

Wisconsin Department of Commerce PECFA Program

Bid Round number 07
PECFA number: 54446-9464-00
BRRTS number: 03-10-001450
Site Owner: Kwik Trip – Scott Hafner
Site Name: Kwik Trip #374
Site Address: 100 S. Main Street, Loyal, WI

Project Manager: Dee Zoellner
Project Manager address: 2129 Jackson Street, Oshkosh WI 54901
Project Manager phone: 920-424-0046
Project Manager e-mail address dzoellner@commerce.state.wi.us

Questions and Answers

1. There does not appear to be any vertical groundwater evaluation. Does DNR/Comm think the vertical extent has been adequately defined or determined?

Answer: Yes the vertical extent has been defined.

2. What is the joint remediation target set by DNR/DCOMM? Are there any conditions the DNR has stipulated as prerequisites for closure at this site? When does the case transfer to the DNR? e.g. the expanding plume triggers an environmental factor.

Answer: There is no joint remediation targets. This site falls under the jurisdiction of Commerce. It was transferred to Commerce on February 9, 2000. The case would only be transferred back to the WDNR if a High Risk factor was encountered.

3. Groundwater contamination is assessed in the report “Addendum to Remedial Action Plan and Cost Detail” as being confined to the site and the public right-of-way. Elevated contamination levels are present in MW-5 and MW-6, which are located upgradient of residential property. Are the WDNR and DCOMM satisfied with the conclusion that groundwater contamination is limited to the site and the public right-of-way?

Answer: Yes

4. Does the owner of the site plan to remove or upgrade the tank system?

Answer: No – Equipment upgrade of the product dispenser lines was completed in June 1995.
